HORSE RIDING LESSONS

Morgan Farm offers lessons for riders of all experience levels! New students will learn basic horsemanship, equipment, and riding techniques in either the English or Western style.

Western riders have their roots in the days of the old west cowboy. The western saddle can be very ornate, made of tooled leather and metal or colorful trim, and also has a horn at its front. To the novice rider, the horn may seem like a safety handle, but it's actually where cowboys tie their ropes! Western riding is seen in rodeos and barrel racing.

English riders are easily recognized by their helmets, riding breeches and high black boots. The English saddle is made of smooth leather, metal stirrups, and has no horn. English riding is associated with jumping and chase events.

Private and semi-private horse riding lessons are available in half-hour or hour-long sessions.

SUMMER RIDING CAMPS

Summer horseback riding camps are held Monday thru Friday, 9am - 3pm! Camps are available in 3-day or 5-day weeks. Camp levels reflect age, experience, and ability. Our riding camps give children a hands-on learning experience that familiarizes them with basic safety, rules, and procedures. They'll learn how to lead, brush, tack up, and perform daily horse care. The beginner level includes learning how to control a horse at walk and trot. For those beyond beginner level, instruction will reflect existing skills and ability. Campers may bring food and drinks to store in our refrigerators. Please wear jeans and low-heeled shoes or boots. No shorts, capris, sandals, or sneakers allowed. Children are required to wear helmets while riding. Call for more details.
