MILITARY CHILDREN AND YOUTH Standing Strong & Proud

APRIL 2022 MONTH OF THE MILITARY CHILD PROCLAMATION

The Month of the Military Child is a time to recognize Military children and Families for the many sacrifices they make and the challenges they overcome. This annual celebration is a legacy of former Defense Secretary Caspar Weinberger established in April 1986 to underscore the important role children and youth play in the Armed Forces community.

As our Nation continues to face the worldwide pandemic, Military Children and Youth, remain a resilient force, adjusting to school closings, navigating online instruction and responding to many uncertainties. They have remained strong and proud while adjusting to a new normal within a changing world.

We recognize, honor and celebrate the many sacrifices and the vital role they play in support of their Military parents, community, and our nation.

The 2022 Month of The Military Child (MOMC) theme is a testament to who they are "Military Children and Youth: Standing Strong and Proud"

Join us as we celebrate all Military Children and Youth.

As always, please be sure that your children have the appropriate gear to participate in outdoor activities, to include: rain boots, rain jackets, etc. We are ready to learn about and explore all things spring and look forward to implementing fresh ideas and adding fun, creative activities into both the classroom and outdoors. We are setting up fun learning environments to engage the children in math, literacy, science, engineering, technology, and art. Get ready for some exploring and learning fun!

Greetings from the CYS Nurse

Happy Spring Everyone!

Please continue to monitor your children for early signs and symptoms of illness every morning before coming to daycare. Maintain your and your child's good health by scheduling **well visits**. Following all physicals please provide Parent Central with the **updated vaccine records** so that your child's immunization file will be compliant.

Prevention is Key: Tick Season is Here!

1. If returning from the outdoors perform a complete body check. Tick attachment sites are underarms, scalp, joints, groin, buttock, and back.
2. Take a shower as soon as possible.
3. Ask your pediatrician what tick repellent they recommend.
4. Keep your lawn manicured.
5. Keep your pet on a tick repellent regiment.
6. Stay on a well-marked trail when hiking.
7. If bitten remove the tick with a fine tipped tweezer. Place the tweezer tip closest to where the tick is embedded pulling it straight outward. Avoid squeezing the tick's body; this will result in the tick regurgitating more bacteria into the host! Clean the area with soap and water. Mark the calendar the day the person was bitten. Monitor for symptoms of headache, fever, joint pain, fatigue, and the appearance of a red bulls-eye rash. Contact your doctor if symptoms develop.

I hope these tips are helpful. Wishing you a wonderful Spring Season!

Talk about the POTENTIAL for Cyberbullying

- Let your child know that you **RECOGNIZE** that phones, computers, and being connected online with friends is a **SIGNIFICANT** part of their lives.
- You also want them to know how to be safe and handle cyberbullying. Explain that if something hurtful is communicated online, it is important that they tell you so you can work through the situation together.

Establish ONLINE GUIDELINES

- **NEVER** share account passwords with anyone.
- Ensure that they keep social media accounts private and do **NOT** friend people they don't know
- Help them determine what **IS** and what is **NOT** appropriate to share online.
- Set hours that technology can and can't be used.

Continue to be involved with your child's ONLINE USE

- Be sure to frequently remind your child about the importance of the established guidelines.
- Continue to establish what access you will have to your child's online interactions.
- Keep encouraging your child to talk with you about **ANY** inappropriate behavior.

Be SUPPORTIVE of your child

- You're not alone
- This is not your fault
- Cyberbullying is **NEVER** okay

PROMOTE Self-Advocacy

- Encouraging children to share their ideas will help restore confidence & teach them how to self-advocate.

DOCUMENT the Situation. Keep a DETAILED Record

- Webpages
- Emails / Texts
- Screenshots

- Ask for a meeting
- Brainstorm
- Develop a Plan
